To Whom It May Concern

It is a great pleasure to write this letter of recommendation on behalf of Mateusz Mikoda. I have known Mateusz from many years and we have been working together on various projects.

Mateusz had proved to adapt quickly to work environments and stand out among his colleagues, both in the design office and on the workshop. As an architect, Mateusz has excellent technical skills and can solve any problem. He always does his work best and is very creative which transfers to many interesting ideas. What is more, his drafting skills are impressive, always care for details and in not afraid to ask and learn. He is committed to his work and would deliver positively even before expiration.

Working under pressure is an attribute most common with Mateusz. When things need to me done at the eleventh hour, Mateusz is just the perfect fit for the job. He is a practicable person that relates theories to real life situation. Mateusz is a professional at what he does, with the absolute objective of recording success.

I have no reservations in recommending him for the post of architect and designer in your organization, as Mateusz would be a breakthrough for any organization.

I can be reached at any time through my phone number and/or email address if you seek any further clarifications on his strength.

Sincerely
Wojciech Iwa

WORK REFERENCE

To Whomsoever it may concern

This is a work reference complementing Mateusz Mikoda and her organization for executing work projects in a conscientious and diligent manner. He was given this project and in the first meeting he seemed to be full of ideas both creative and practical but also on the same note feeling our pulse with regards to design requirement and our tastes which is very important. Mateusz also did a great job with listening to us. He always followed up on the quality of workmanship.

Along the way like in every project there are always obstacles however he mined a professional demeanor without displaying any panic whenever the materials were in short supply, he not only suggested us several ideas and materials but escorted us to see these being used in several other sites and stores.

Mateusz is also very color orientated person and knows exactly how to blend the shades and lift up the moods of every space in the house and around, this does create a positive impact of the resident of the home and for us we feel that this is a detail that creates a very positive impact.

Wishing Mateusz and all those interested in his service a well deserved products and the affordability that Mateusz allows when working with his projects. It is very hard to find a quality organization and a team like he has working to ensure that dreams turn into reality in a cheerful, colorful and lively living space.

LETTER OR RECOMMENDATION

To whom it may concern:

I have had the pleasure of working with Mateusz Mikoda on several projects in Black Chilla Design Studio.

Mateusz has great organizational skills, a strong work ethic, and an eye for detail. As an architect and graphic designer, he maintains a high quality of work through clear communication with all team members, and follows through on items that directly pertain to his area of expertise. If a potential for conflict arises during design, Mateusz's foresight allows him to make solid recommendations based on experience and logic. Being a interior architect and connected with that graphic designer, Mateusz continually thinks beyond the scope of the project at hand and easily grasps "big picture" goals. His passion for his field and desire to share his knowledge with team members shines through in his daily interactions.

His thorough approach, responsiveness to issues and comprehension of the project as a whole, make him an excellent teammate and ideal architect.

Mateusz would be a valued team member to anyone seeking to obtain his employment. Should you need additional clarification, please do not hesitate to reach out to me directly.

Best regards,
Mateusz Wielgus

Dear Sir/Madam,

I would recommend the graphic services offered by Mateusz Mikoda. I contacted Mateusz for some urgent graphics for a recent project. He was extremely easy to deal with, very helpful, and worked within the deadline to finish on time at a very reasonable price. I will definitely use him again for my next project.

Mateusz is truly a master of his craft, with many years of experience under his belt. He is hardworking and willing to go the extra mile to service his customer's requirements even on tight schedules, without compromising on quality and creativity. He offered good advice on our project and a good overall approach on the final design. Mateusz has a good personal character and is easy to work with. I'm certainly looking forward to working with him again on future projects.

Mateusz is very highly skilled and a true professional, I would have no hesitation in using him again. I recommend that you check out his previous work, it is of the highest order. The project that he carried out for us was completed in good time and with very efficient communication. His work is carried out with great taste and attention to detail. Many people in this business get 10 stars for just doing the job, I would give 10 stars to Mateusz as he is amongst the very best.

Sincerely,

Tomasz Ptasiński
